

# PENRITH ON A PLATE -16<sup>th</sup> July 2016

Penrith on a Plate will be here again soon. We have been thinking about how to involve and support traders and have come up with an idea which will enable each shop to promote one thing that might be involved in preparing a special meal.

We will provide you with an A3 drawing of a knife and fork accompanied by an empty plate to display from 4<sup>th</sup> July 2016

The words '**For dinner tonight...**' will be written around the edge of the plate and **in the middle of the plate, we would like you to recommend something that you wish to sell.**

Here are some examples for different kinds of businesses:

## **Barber shop**

*For dinner tonight...*

think about it, a man lives and dies by his **beard**. At least that's what bearded men say. So why not get something different in the facial hair department because a shorter sharper line and shape will not only look good but it will be easier to eat with.

## **Lighting shop**

*For dinner tonight...*

why not surprise your spouse with a romantic meal under this **solar powered lights in a tree chandelier** – be sure to remember the Barry White album and scented candles.

## **Hairdresser**

*For dinner tonight...*

go glamorous with an upside down **braid and bun updo**, whether you have a fancy dinner event or just want to make dinner into an event, trust us, you won't recognize your good self after this

## **Estate Agent**

*For dinner tonight...*

the open kitchen at Two Egg Cottages, Baconthwaite, would surely be better for entertaining. You could stay in contact with your guests or interact with the rest of the family while you're preparing the meal and you get the rest of this stunning 5 bedroomed house to go with it.

## **Electrical shop**

*For dinner tonight...*

don't worry if your friends are not tidy, you can still eat doughnuts, sticky ribs *and* icecream without napkins when you have a Vax **Powermax carpet cleaner**. This cleaner eradicates the messiest food in the world.

## **Fishing tackle shop**

*For dinner tonight...*

now then, why not go down to the River Eamont with a **Sage Fly Rod** and catch a beautiful brown trout; you can forage for fennel, sorrel and wild garlic to go with it while you are there.
